

The Greater New Orleans Housing Alliance (GNOHA) was formed in the spring of 2007. It is a collaborative formed by the non-profit housing builders and community development corporations who are working diligently to rebuild the City of New Orleans after the flood brought by Hurricane Katrina devastated the City's infrastructure – specifically its housing stock.

*Mission Statement: To collaborate and support member efforts to build workforce housing for the citizens of the Greater New Orleans area in an ethical and efficient manner.*

GNOHA meets the second Monday of every month over a brown bag lunch so the member organizations can exchange information and work together to advocate a collective vision. The group is currently working on publishing a comprehensive rebuilding plan that will highlight their cooperative rebuilding efforts. A key component of the rebuilding plan includes a master map that will appear on group's website: [www.gnoha.com](http://www.gnoha.com) and will allow all New Orleanians to learn what proposed or ongoing work is happening in their neighborhoods.

If you would like to become a GNOHA member or you would like more information you can contact Andreanecia M. Morris at 504.821.7227 or Caroline Gammill at 504.821.7236.
